3 From: To:													
4 From: To:													
5 From: To:													
Destination Airport: KORH	Runway	Length		Runway	Length	Runway	Length	Runway	Length				
ELEV: 1009	33	15	5500										

Note: This planning sheet is NOT to be used for real navigation. Two important columns have been omitted, the one for Compass Deviation and the one for the final, resultant Compass Heading. FS-98, FS2000 & FS2002 have no provision to add Compass Deviation, so these columns were left out.
